### **DETAILED ACTION**

This office action is in response to applicant's amendment filed August 29, 2005.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **CLAIMS**

In claim 4, Line 1 after the word "claim" delete "3" and insert - - 1- -.

#### ***Allowable Subject Matter***

Claims 1, 2, 4 and 6-20 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose or make obvious forming a cooperating semiconductor mold halves including an array of cavities formed by lithography for attaching caps including all the limitations of the independent claims.

While the prior discloses the use of plates/mold halves that cooperate to form an array for caps, it fails to disclose or make obvious the halves being semiconductors. Alternately use of semiconductors layer are known to be formed on a wafer that's then etched to form the cap that's then diced to form a cap/chip structure as shown Salatino

(U.S. 5,915,168) and Matsushita (JP 2000-277753) for CTE; no motivation is provided for the mold halves being a semiconductor.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
